## WORK EXPERIENCE

**Chief Technology Officer** 2013 - PRESENT  
**NEUROWARE**  
USA  
Developed a JavaScript Bitcoin application framework and a suite of example open-source products for distributed identity & data storage.

**Chief Executive Officer** 2012 - PRESENT  
**R1 DOT MY**  
MALAYSIA  
As a former MongoDB Master, I incorporated a Malaysian consultancy company qualifying as a vendor for 10gen & working with several startups.

**Creative Director** 2007 - 2012  
**NI-LIMITS**  
MALAYSIA  
Digital Design Agency with clients such as RedFM, Samsung and 100Plus where I was the lead creative and involved in every aspect of the business.

## ACHIEVEMENTS

**1st Bitcoin Batch for 500 STARTUPS** 2013  
Selected from over 5,000 participants with a prototype brain-wallet I designed, developed and marketed to launch with 16,000 downloads in 24 hours. This led to the incorporation of Neuroware.

**APP OF THE YEAR AT MONGOSV** 2012  
Being recognized for my community building work in South East Asia with the launch of NoSQL Asia I was confirmed by 10gen as a MongoDB Master, where I won an award for my work on MongoPress.
